ABOUT ME

Student Software Developer proficient in developing and learning relevant skills quickly. Equipped with a diverse and promising skill-set in coding, skilled in Graphic Design and eager to work in both front or back end Software Developent. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

EDUCATION

Base Camp Coding Academy Graduate Institute

Watervalley, MS   Sep 2022 - Sep 2023

Base Camp Coding Academy is a non-profit 501(c)(3) organization that allows under-advantaged individuals to enroll in a year-long program where the students work with real-world technologies. These technologies include the fundamentals of app-development, coding, project management, and the life leadership skills they will need to be successful in their career and competitive in this software development job market upon graduation. It is fast-paced and focused curriculum that covers Python, HTML, CSS, JavaScript, Django, Java, and Spring. In this program, participated in a variety of leadership roles such as mentoring, managing, and procuring necessary materials for the organization. I was able to utilize my Graphic Design skills on the design aspects of front end development.
